To Mrs. Luly Lee Waters.

By her old Pastor, Miles Saunders.

The scenes which greeted girlish eyes,
And stole the heart's pure way,
Were camouflaged with sunlight rays,
And strewn with flowers bright and gay,
As she skipped gaily through the teens.
Those scenes had somewhat solemn grown,
Some flowers to ripened faces had turned,
She reaped about as she had sown,
And gathered mostly what she'd earned.
While walking stately thro' the thirties,
They who impart to others light
Are not diminishing their own,
But make their own paths doubly bright—
Two torches now where was but one,
While stooping slowly through the forties,
Good woman clothed in Christian Love,
And always warmed with Christian Love,
Gives out the light's most charming sight—
Beauty reflected from above,
When she at last goes meekly home.

Shepherdville, Ky., Sept. 1908.

Pardoned.

Yesterday Acting Governor Cox pardoned Gardell Divine, who was sent to the penitentiary from this county last February for a term of two years on a conviction for horse-stealing. Divine came from Frankfort last night. He and Dolph Hatchell, a negro, were indicted for taking a horse away from David Derringer, a boy. The negro pleaded guilty and was given two years in the penitentiary by a jury at the November term last year. He was brought back from Frankfort to testify against Divine, who had evidence used him as a tool. A hard fight was made to acquit the white man, but the jury found him guilty. Divine was a bad record, and frequently figured in the police courts. The news of his release, following close upon that of murderer Abe Denny, aroused much indignation here. It is said that the negro Hatchell will soon be released from the penitentiary. It was also tipped on good authority at Frankfort yesterday that R. E. Hammons, who was sent up for nine years in February, 1906, for bigamy, will be pardoned in the near future. Hammons married Miss McDonley, of Burgin, when he already had a wife. Petitions were out yesterday asking for the pardon of Buster Phillips, who killed his wife and wounded his sister-in-law, the tip being given that a pardon has been agreed upon. An effort will also be made to obtain the release of Charles Reed, the negro who wantonly shot Chief of Police Smith, and destroyed the sight of one of his eyes—Harrodsburg Democrat.

Old Feud Renewed.

Danville, Ky., Sept. 5.—John Wright, a prominent farmer was killed at Junction City late this afternoon by Dr. Benjamin Durham, a prominent druggist, of that place. Only one shot was fired, and it penetrated Wright's neck, breaking it. Death came instantly. The killing was the result of an old shooting scrape that Wright and Dr. Durham had five years ago.

The original shooting was one of the most desperate in the history of this county. It occurred directly in front of Dr. Durham's store in Danville. Wright shot upon him, and Wright's left lung was shot out by Durham's foot was shot off by Wright. Wright lingered at the point of death for many months, but finally recovered, and until recently had been engaged in the timber business in Tennessee. Durham was also disabled for many months, but finally became able to walk about his store by the means of a cork foot.

Sheriff Gaultier, of this city, went to Junction City and placed Durham under arrest. But he had existed between Durham and Wright since the original difficulty. Both Durham and Wright have families. Durham has been placed under guard on the examining trial, which will be held Monday.

Foley's Orino Laxative is a new remedy, an improvement on the laxative of former years, as it does not irritate or enfeeble and is pleasant to take. It is guaranteed. Haydon & Robertson.

Farmers' Institute.

An Opportunity for Farmers to Get Instructions of which They Fail to Take Advantage.

Messrs Lowell Roudeshush and J. B. Walker, two lecturers in the employ of the Kentucky Bureau of Agriculture, were here two days last week to instruct the farmers of Washington county on some points in the profession of farming. These gentlemen are well equipped for their work, and gave some valuable information and instructions in improved methods of farming which will doubtless prove of advantage to those who were present and heard. But for some unaccountable reason the farmers of Washington county as well as other counties in Kentucky fail to exhibit any degree of interest in these Farmers' Institutes. The State is at great expense in supporting this agricultural bureau and sending out these lecturers for the benefit of the farmers, and it is unfortunate that the farmers generally do not take greater interest. The expense of supporting this bureau comes of course, out of the pockets of the tax payers, of the State, of which the farmers represent the biggest portion. Intelligent farming is as much of a science as the other professions, and the farmers of other states are rapidly being aroused to an appreciation of that fact and are taking advantage of all the instruction they can get along that line. Kentucky should fall in line if she expects to keep up with the procession.

The Washington County Farmers' Institute was called to order by W. D. Claybrooke who acted in the place of his father J. R. Claybrooke, president of the Washington County Farmer's Club, who was prevented by illness from being present. W. A. Clements was elected chairman of the meeting and Ben Haydon secretary. The program was not followed closely on account of the failure of some of the gentlemen to come up with their part of it. Messrs Walker and Roudeshush, however, provided plenty of entertainment for the evening by their intelligent handling of various subjects relating to farming. Mr. Walker gave some valuable hints about wheat growing seed selection, preparation of soil, etc., and Mr. Roudeshush told in an entertaining manner what the United States and State Departments are doing for the farmers.

Wednesday night, Mr. Roudeshush who has spent some time in Alaska and in the Polar regions, being the sole survivor of an ill-fated Polar expedition, delivered a lecture on the subject of "Uncle Sam's Land of the Midnight Sun." The lecture was very entertaining. Mr. Roudeshush besides being a practical instructor, is an orator of no mean ability. His description of the Aurora Borealis was pronounced by many as the finest piece of descriptive oratory ever heard in Springfield. The Court House was well filled at the evening session and all enjoyed Mr. Roudeshush's lecture.

On Thursday Messrs Walker and Roudeshush gave some interesting talks on a variety of subjects among which were "Crime against the soil," "Crop growing, Seed Selection, Planting, etc.," and "Why Farmers should raise Sheep." Dr. S. J. Smock made quite a good talk on the subject of "Farm and Town Sanitation."

The institute adjourned Thursday afternoon.

PILES get immediate relief from Dr. Shoop's Magic Ointment.

It's a pity when sick ones drag the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak Stomach, means weak Stomach nerves always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping Stomach, Heart and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the falling "inside nerves." Anyway test the Restorative 48 hours. It will cure so soon as that, but you will surely know that help is coming. Sold by Red Cross Drug Store.

The Difference.

The difference between a "negro" and a "nigger" is often the subject of discussion. One day this week we saw the difference well exemplified. A lady drove up to a hitching post, an old-time darkey, who was sitting near, jumped up, took off his hat, bowed to the lady and hitched the horse. A young oon, as black as the ace of spades, who was sitting by the old darkey paid no attention, and would not have offered any assistance at all. The old man was a "negro" while the lady, good for nothing into what was by his side was a "nigger." One had been raised to know right from wrong and command the respect of white and colored people alike, while the other had been given a spitting "education," and allowed to loaf instead of work. By the way, the good old-time darkeys are getting very scarce. There are some in this locality who have the respect of everybody, but their ranks are thinning.—Lancaster Record.

A Paying Investment

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a bottle of Dr. King's New Discovery before that was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Haydon & Robertson's drug store, 50c and \$1.00. Trial bottle free.

Human Flight.

All of us who follow the course of invention have long since come to recognize the "psychological moment" when of a sudden the data of chronic failure are found to unfold the vital secret of success, and from a score of directions comes the record of achievement. There was the same splendor of result in the early '40's with the telegraph, and in the '70's with the electric light. When but one inventor is dealing with a problem, it is usually safe to infer failure; but when genius jostles for a foothold on the virgin territory, you may safely assume that the new art is just about becoming the property of mankind.—From "Real Navigation of the Air," by George H. Guy, in the American Review of Reviews for September.

Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If its complexion gets yellow, pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Emulsion. The only cure that never fails and has no bad effects. \$2,000 for a Berkshire Sow.

At a public sale of Berkshire hogs held August 19th, at Kirksville, Mo., by Dr. Still & Laughlin, 50 head averaged \$149.95. With the exception of two sows, however prices only reached a moderate level. The top price was \$2,000 at which figures W. E. Darnell, of Armington, Ill., secured Duchess 279th, farrowed February 1908. She is the Worlds Fair champion, and is bred to Masterpiece. The bidding on this sow was materially stimulated by an offer of \$600 for the choice bar hog in her prospective litter.

The other high priced sow was Lee's Artful Belle, bred by Lord Prealer, Geo. C. Connel of Vandalia, Ill., took this one at \$1012.50.—Farmers Home Journal.

Got His Booze.

Rat Row had a treat on Campbellville the early part of this week. A coon from that city, enroute to New Hope, whispered to a friend as he passed through Lebanon that he was going to get himself three gallons of the real fire water. When the next train from New Hope reached St. Mary's his friend (?) and this friend's two other friends were waiting to inform him that the train was to be raided by officers at Lebanon, and for Mr. Coon to turn the liquor over to them to bring to Lebanon and await their arrival below the depot.

At last reports Mr. Coon had waited for forty-seven hours.—Lebanon Falcon.

After Them.

PADUCAH, Ky.—A new move in the night rider prosecutions was made when witnesses from Kentucky were summoned to testify for the defense in Montgomery county, Tennessee, in the prosecution for the murder of Vaughan Bennett, who, it is charged, was a young night rider ambushed while making a raid. A general conspiracy, embracing night riders in both States, may be established. Witnesses from Tennessee will testify in the Kentucky trials. The latter move indicates evidence pointing to the men higher up. The Tennessee cases are called for Monday.

The Pole Cat's

Change o' Heart.

From time immemorial the pole cat has been an outcast among animals. The world has respected him; it has never loved him. There are certain of his qualities and attributes which forbid a close acquaintance. But now, thanks to a remarkable scientific discovery, all this is to be changed. The pole cat is to have not only his present place among the living beautiful creatures of the out-of-doors, but will bear a message of fragrance to the world as well. It is from a Mississippi weekly that we glean the glad tidings. A gentleman farmer of that state, who is the proprietor of a chicken farm, has also a pole cat farm near by. Not long ago his chickens fell sick. He mixed coal oil in their feed, and was surprised to find that the next batch of eggs his faithful hens produced smelled a rony of petroleum.

A bright idea dawned upon him. His face flushed with the joy of anticipated discovery. His heart throbbed wildly—even as Newton's must have been when he noted with delight that the apple did not fall up instead of down.

If the odor of oil was strong in the output of the hens, why then—! Enough! He had long loved the odor of his pole cat farm. Now he mixes lavender, bergamot and orange flowers with the food which he gives the pretty little animals. The results are all that the most fastidious nature could wish; a delicate and delightful odor hangs about the pole cat farm now—a scent that vies with the violet and puts the musk rose and the magnolia to shame. This is an animal of lovely appearance, but terrible reputation, transformed into a creature fit to be the theme and inspiration of a whole school of lyric poets.—Don Mathias, in "Uncle Remus"—The Home Magazine for September.

His Money Comes Easy.

There are lots of ways to make money; some hard, some easy, but Eddie Keough, a sixteen-year old colored boy in Lebanon, gets his so easy that it's almost "a shame to take the money." For a while Eddie sold vinegar to the thirsty public at a dollar per quart. Of course his buyers thought they were getting something else, and only after a scroll to a quiet secluded place, did they find out what they had bought. Eddie's latest stunt is selling bottled beer in fifty cent and dollar lots. He selects a good easy mark and confidentially whispers that he knows where there are ten bottles of beer and if the easy one will produce the coin, Eddie will do the run and get it. act. Many easy ones have been produced and turned over to Eddie the coin, but at each instance Eddie has failed to return with the beer. But what is the difference? This old world owes every one a living.—Lebanon Falcon.

A Sure-enough Knocker

J. C. Goodwin, of Bardonia, N. C., says: "Buckley's Arnica Salve is a sure-enough knocker for ulcers. A sore came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c at Haydon & Robertson's drug store.

Burglary at Bardonia.

BARDSTOWN, Ky., Sept. 4.—Thieves, closely resembling the proverbial new broom from the manner in which they made a clean sweep, ransacked the store of Grigsby & Co. here last night and carried off practically their entire stock, consisting principally of hardware and cutlery. The stolen goods amount to about \$700.

There is no clew to the identity of the thieves, and no one heard them at their work. From the wagon tracks it is evident they simply backed up a wagon to the rear of the store and then proceeded to remove the plunder. Bloodhounds will be brought here from South Park and put on the trail.

A Burglar in Town

his name is "bad enough." He doesn't care for gold or silver but will steal your health away. If he appears in your home arrest him at once with Ballard's Horehound Syrup. It's the only cure for colds, coughs, croup, whooping cough, croup, colds and chest troubles. Price 25c, 50c and \$1.00 per bottle. Sold by Red Cross Drug Store.

Fine Horse Killed.

Montgomery Ward, the fine horse which took first premium in the saddle horse ring at the Kentucky State Fair last year, was killed by lightning on the farm of Charles Sandage near Moreland Sunday afternoon. Mr. Sandage was severely shocked and a cow in the barnyard lot was knocked down by the same bolt. The horse was owned by Mr. Robert Simpson, of Nicholasville, and was being handled by Mr. Sandage. An offer of \$2,500 was refused last week.

They Take The Kinks Out

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without use or friction, says H. H. Brown, of Pittsfield, Vt. Guaranteed satisfaction at Haydon & Robertson's drug store. 25c.

Waiting with Guns.

Waddy, Ky., Sept. 5.—About to be disturbed in cultivation of their tobacco crops, many farmers on the Spencer-Anderson-Shelby line have organized a Vigilance Committee. They are all armed with guns and the word has passed that eight riders if they make their appearance are to be shot down without mercy.

The farmers all grew a crop this year in defiance of the association edict and recently they have been warned that they will suffer beatings and lath burnings if they attempt to wash down. A signal has been agreed upon: an attack will meet all the farmers ready.

Miss Ollie Sutton of Williamsburg and Miss Belle Birch of Birchwood were guests at the home of Mr. J. H. Gray Saturday night and Sunday.

A pleasing, rich, grade, truly flavored, amber colored cup of coffee can be had—without the real coffee danger, or damage to health—by simply using Dr. Shoop's new substitute, called "Health Coffee." Pure, wholesome, trusted, correct, milk, kula, etc., make Dr. Shoop's Health Coffee both healthful and satisfying. No 20 to 30 minutes tedious boiling, made in a minute, says Dr. Shoop. If served as coffee, it's taste will even trick an expert. Test it and see. Sold by McKroy & Shader.

To All Members of The Burley Tobacco Society

Your attention is hereby urged to the fact that the By-Laws of the Burley Tobacco Society provide that on the last Saturday in September of each year all members of the Society shall meet at 2 p.m., at their respective voting places and shall elect one of their members to represent the Society at an election to be held at the County Seat on the first Saturday in October of each year for the purpose of electing a director of this Society.

The precinct delegate not only casts the vote of his constituents in the election of a member of the District Board from his county, but he is also a member of the County Board of Control in his county.

In order that the election shall express the will of the members of the Society, let every member be at the regular precinct voting place at 2 p.m., on the last Saturday in September.

"Look ye out among you men of honest report, full of wisdom, whom ye may appoint over this business," men of integrity, business ability and public spirit.

Do not neglect this important duty and then complain of results. The future of The Burley Tobacco Society depends upon the character and ability of the men elected on the County Boards of Control and on the District Board at the ensuing elections.

Remember the day, the hour, the place, and the importance of your doing your duty in this election.

All samples of 1907 tobacco should be sent to the central office at Winchester as early as possible. While the days are long and bright the grading can be done much more satisfactorily than when the weather is cold and the skies dark. It is greatly to the interest of the farmers as well as to the interest of the Society that samples be sent as soon as they can be properly prepared.

Done by order of the Executive Committee.

Taken Up

On my place about five and a half miles east of Springfield on dirt road near the Willis Adams shop, a large black sow, bald face with four white feet. The sow has been in the neighborhood about four weeks and has been on my place about ten days. Owner can have same by calling and proving property and paying all costs. T. W. Salice.

Ranges

Below are a few testimonials from Washington county users of Home Comfort Ranges which speak volumes for the merits of the range.

Texas, Ky., Aug. 19, '08. After cooking on a Home Comfort Range 6 years, I am in a position to recommend them, they have no equal for baking and all kinds of cooking, as such I cheerfully recommend them.

MRS. R. L. FURDUM.

Texas, Ky. I can recommend the Home Comfort Range as I have used one for several years. I would not take what I paid for my range today and do without one. They are all that's claimed for them. They have no equal for baking and require very little fuel.

MRS. J. M. BEGLEY.

Texas, Ky., Aug. 19, '08. The Home Comfort Range has the right name, I know from experience what they are, and do not bear say, as I have been cooking on one for several years. I would advise anyone to buy the Home Comfort if they are in need of a Range.

MRS. T. A. HAYS.

Brumfield, Aug. 19, '08. I bought a Home Comfort Range 23 years ago, 8 years ago bought a new one giving my old one to my son, the old one is still good and in use. I can recommend the Home Comfort as I have used two of them.

J. N. Isham.

Springfield, Ky., Aug. 24, '08. This is to certify that I have been using a Home Comfort Range for 14 years and it has always given good satisfaction. I have never spent one cent for repairs, and the range is in perfect condition now, and will last many years yet.

TO THE READERS OF THIS PAPER.

We have contracted with this newspaper for many columns of advertising space to tell and furnish you each week, black on white, many good reasons why it will pay you to deal with us. We are the oldest department store in Louisville, having been in business for 63 years. We buy for cash and in large quantities, which enables us to buy cheaper, consequently we can sell cheaper. Particularly have our buyers closed many advantageous deals this year on account of trade conditions. We will tell you about these transactions in our future announcements—watch for them.

To deal here does not necessarily mean you must do your shopping in person, although if you do come here, you will save more than enough on your purchases to pay your traveling expenses. We have however, a large mail order department, with a corps of experienced mail order clerks, who fill mail orders to the same satisfaction to the purchasers as if they bought the goods in person.

THE KENTUCKY STATE FAIR, which is to be held in our city September 14th to 19th, is going to be a great Fair; everybody will come to Louisville to see it. You do not want to miss it. We take this means of inviting you both to the State Fair and to our big store. We will see that your stay with us will be pleasant and floor attendants will take pleasure in having you shown through our entire establishment.

Nice Complement.
Few people who have come in
to this community for a tempo-
rary sojourn have made more
warm friends in a short time
than Judge Jno. W. Lewis, who
has filled the Circuit Court bench
during the past two weeks. In-
stead of the bitter partisan many
thought him to be, who injected
politics into everything, he has
appeared only in his true light,
that of the whole souled, genial,
clever gentleman, who both tells
and enjoys a good story or joke
second to none.

His course on the bench is
equally as satisfactory, the first
word of complaint is yet to be
heard. The association on the
part of our people has been a
pleasant one and we believe
equally so with the Judge. We
are sure both feel better for the
closer acquaintance.—Bollitt
Pioneer.

Baptist Association
The Central Baptist Associ-
ation convened at the Springfield
Baptist Church Tuesday morn-
ing at ten o'clock.
Rev. W. D. Powell of Louis-
ville preached the introductory
sermon at eleven o'clock. His
sermon was bristling with inter-
esting knowledge and encouraging
incentive to Christian life and
work. Rev. Powell was a mis-
sionary to Mexico eighteen
years, and is now one of a com-
mittee on church extension in
this State.

After the morning service was
concluded the immense crowd
repaired to the warehouse near
the depot where tables were set
and food sufficient to feed five
hundred people was placed be-
fore the crowd, and everybody
invited to partake.

When Trifles become Troubles
If any person suspects that their
kidneys are deranged they should take
Foley's Kidney Remedy at once and
not risk having Bright's disease or
diabetes. Delay gives the disease a
stronger foothold and you should not
delay taking Foley's Kidney Remedy.

Soft Drink

What The Doctors Say:
We the practicing physicians of Elizabethtown, take pleasure
in recommending the use of the beverages manufactured by the
Durham Bottling Works of this city to be pure and healthful. We
find the water used by them in their drinks according to chemical
analysis to be pure and as good as can be found. Both the water
and the syrups are filtered before use. As they take so much
pains in washing and cleaning their bottles their drinks cannot be
dirty or impure. We find they use no chemical sweetener or
harmful ingredients of any kind in their drinks, but use nothing
but pure fruit flavors and granulated sugar. These drinks can be
freely used without interfering with physicians' prescriptions or
any medicine and in some cases we recommend the use of them in
connection with medicines as they will be quite helpful to the
weak and delicate.

How to Avoid Appendicitis
Most victims of appendicitis are
those who are habitually constipated.
Foley's Ordo Laxative cures chronic
constipation by stimulating the liver
and bowels and restores the natural
action of the bowels. Foley's Ordo
Laxative does not nauseate or grip
and is mild and pleasant.

I bought a Home Comfort
Rugger several years ago and I
have never regretted it. I moved
to Indian Territory and I
carried the Home Comfort with me
and brought it back to the
County when I came back.
\$100.00 would not buy my rugger,
if I could not get another one.
That is what I think of the
Home Comfort. Respect.
Mrs. J. O. Thompson.
